Student Driver Permission

My son/daughter _____ has permission to drive our family car(s) to/from ECA, and we request permission to park within the ECA parking lot. We understand that we are responsible to have appropriate insurance, and that the school is not responsible for any injuries or accidents caused while driving, including any damage our car may cause on school grounds. Lastly, we understand that any damage or loss to our car while it is on campus is not ECA's responsibility, knowing that the privilege of parking on campus is free. The school reserves the right to deny parking on the grounds due to school needs which have priority.
